Honorable Commissioner of Patents and Trademarks
Washington, D. C. 20231

Dear Sir:

DECLARATION BY INVENTOR AND ASSENT BY ASSIGNEE

I, ¹⁻⁰⁰Kazumi Sakumoto, the inventor of the invention described in U.S. Patent 5,297,118 issued March 22, 1994,

DECLARE THAT:

I am a citizen of Japan residing at 31-1, Kameido 6-chome, Koto-Ku, ^{JPX}Tokyo, Japan. I have reviewed and I understand the contents of the attached specification, including the claims.

I verily believe that I am the original, first and sole inventor of the "Electronic Watch With Pager" invention described and claimed in the attached specification and for which a reissue patent is being sought.

I hereby acknowledge my duty to disclose to the Patent and Trademark Office information of which I am aware that is material to the examination of this reissue application in accordance with Rule 56 of the Patent Office Rules, 5 C.F.R. 156(a).

I verily believe U.S. Patent 5,297,118 to be "partly inoperative or invalid" by "reason of the patentee claiming" less than he had a right to claim in the patent. The applicant failed to claim the subject matter claimed in attached claims 5 and 6. Claim 5 has been copied from patent 5,329,501 which issued July 12, 1994. Claim 6 is a modified version of claim 5. These claims were not placed in the application as originally filed because applicant failed to appreciate the scope of the invention until applicant saw the claims in issued patent 5,329,501.

The errors arose without any deceptive intent on the part of the applicant.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made, with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
